

Akelaland Camp Sites

Between October 15 and April 15 there are **NO SANITARY FACILITIES** in Akelaland campsites. There is no camping in sites unless you make arrangements to have portable toilets brought in at your expense. Portable toilet vendors need to be pre-approved by the council camping department before brought in. Please contact at Paul 610 465-8576.

The nearest year-round latrine for Akelaland Camp sites is located at the entrance of the Sports Field

Check in/Check out Procedures

A volunteer Campmaster or Camp Ranger is usually scheduled to be at camp most of the year. The Campmaster is the unit's connection on weekends for the camp. He/she can help with questions concerning camp and also check in/check out of camp during the weekend.

Check in should take place upon your arrival at camp (arrival time begins at 6 pm) Your unit needs to check in with the Campmaster (signs posted) and/or Camp Ranger. During check in the Campmaster/Ranger will check your cabin/site prior to your use and make any notes about noticeable issues at this time.

Check out happens prior to your departure from camp. Check out is conducted by the Campmaster and/or Ranger. During checkout the Campmaster/Ranger will check the cleanliness of the cabin/site your unit used and compare it with the check in log. Damages will be charged to the unit by written notice from the Director of Support Services via their unit account or invoiced at a later date. The dollar amount of damage will be determined by the Camp Ranger.

Water

Water is turned off (tentatively) October 15 through (tentatively) April 15 at Trexler Scout Reservation. Frost freeze water locations are available at certain locations within Settlers and Akelaland Camps. April 15 is a target date for water turn on. Turn on may be later!

Dining Halls

Our Dining Halls are only used for safety shelters, meals, meetings, and gathering purposes. There is **NO** overnight sleeping allowed in these facilities, unless approved for safety purposes by the Camp Ranger or Director of Support Services

Kitchens

Kitchens are not available between October 15 and April 15 due to the status of water in the buildings.

Kitchen rentals do not come with pots, pans, utensils, plates, cups, paper products, cleaning products....etc. All groups need to bring your own items.

Camp Sites

Straw and or hay bales are **PROHIBITED** on all properties for camping capacity use.

Akelaland Camp Sites

Camp Fires

Camp fires are permitted in areas already designated for camp fires. These include site fire rings and program area fires rings. At no time should a group or unit build a fire in a non-designated area; including but not limited to, grass areas, Athletic Field, Middle Creek Field, Pavilion Areas, Ranges, and Parade Field.

Winter Conditions and Roads

During winter, our staff will make every effort to plow the roads in and around camp. Please use caution at all times. The road leading to all the campsites and other facilities are only plowed for certain Council/District winter events.

Winter Lake and Ice Conditions

Please check-in with your Campmaster/Ranger prior to utilizing the lake areas.

Winter sledding

Due to safety of all of campers, we now have a designated sledding area near the Settlers Camp Dining Hall. Sledding in other areas of our property is prohibited.

Akelaland - Archery Range/BB Range**Settlers - Archery Range/Shot Gun Range/Rifle Range**

No camping or open fires are permitted in these areas.

If utilizing this area for program, please refer to the Guide to Safe Scouting and follow all the required policies as they pertain to the type of program you are conducting. Additional resource information can be found through the BSA Shooting Sports Standard Operating Procedures.

Rental is for the grounds itself and no other amenities and or equipment are provided.

*** I as the reservation holder have read the above messages and understand them?**
